The Upland News

Beautify City

Beautification of Upland—that is an individual effort, each property owner doing his bit to "clean up" his premises and vacant lots. Let's beautify the city.

Keeping Up--

With Uplanders

NOTHING FOR SALE

Local real estate brokers are in a "tough" spot.

There's nothing to sell. Ask any of 'em and you get the same answer. We happened to be talking to Kenneth Carson and Eric Rhenstrom.

"No one in Upland wants to sell," they joined in one loud moan. "We tell you," the weeping realtors cried. "Almost everyone owns his own home; most of the merchants own their business properties and the good citrus groves are not for sale; so, what can we do?"

Well, the situation is not quite that bad for the poor real estate agents, but their report gives a fairly good boost to Upland.

People living here like the town so well, they don't want to leave.

WANTS STREET NAMES

J. H. Jarrett, 461 West Thirteenth street, has a good point and his experience emphasizes its need. "Why doesn't Upland have more legible street signs and house numbers?" he asks. His guests from out-of-state couldn't read at night the blurred names painted on the curb without getting out of their car and using a flashlight.

Many cities have more adequate identifications . . . and why doesn't Upland-, he asks.

(The city council has budgeted $1,000 this fiscal year for this purpose and a tentative selection has been made of a steel sign).

Incidentally, local residents are urged to 'make suggestions to the city council, through The Upland News, or otherwise.

SUGGESTIONS APPRECIATED

We also appreciate suggestions and "tips" on news stories. Every week many people suggest news features and subjects for interesting stories.

We greatly enjoyed chatting with Upland's 95-year-old J. R. Johnston the other night. A grand man, a stalwart citizen, He has lived worthwhile, and his long life has been interesting and productive.

The date of his anniversary would have slipped by without any local newspaper recognition had it not been for the thoughtfulness and cooperation of a local resident.

Thanks for this . . . and many other suggestions.

CITIZEN SIGN UP

Today and Saturday are "sign up" days for all persons who will assist their city, their neighbors and themselves in case of a local emergency. A call has gone out under the local civilian defense set-up for all interested persons to register at the city hall.

This appeal should result in action. The "emergency" may never come, but if it does preparations now will prove very beneficial.

RED CROSS DRIVE

A dollar from every Upland citizen will put the Red Cross budget over the top. The annual roll call starts next Thursday. Some cannot pay. Others can pay for many of their neighbors. The goal must be reached. Also, keep in mind the current "scrap metal" drive sponsored by the Upland Exchange club.

Work Project for Upland Students Is Set for March 8, 9

Upland college students are preparingg for another work project.

With $5,000 earned by students and turned over to the school for campus improvements, plans are being made for another community-wide work program on March 8 and 9.

Exchange Club

Identification Need Is Cited

It is important for all persons to have with them identification papers, a receipt for a utility bill, a page out of the telephone book with their name on it, if nothing else, James Rhodes, identification officer at the California Institution for Men, said in speaking at the meeting of the Upland Exchange club Tuesday night. He is also president of the Southern California Finger Print Officers association.

Mr. Rhodes pointed out that all persons should carry adequate identification for their own protection "for lack of positive identification is frequently a handicap."

Month-End Sale Under Way Here

"Month End" sales are being featured in Upland stores. Beginning tomorrow and continuing through the end of the month, the special sales are in effect at many Upland concerns.

The February sale is the first of a series of city-wide promotional programs on the part of the merchants.

"Upland merchants are going to offer the same values and the same services here as available elsewhere," said George Haack, chairman of the promotion committee of the chamber of commerce. "Outstanding values are being offered by the merchants and the general public is invited to participate in this united money-saving opportunity."

Another town-wide promotional event will be next month when an Easter parade will be one feature with an egg hunt for the kiddies also planned.

Month-end values offered for the remainder of February include the following:

10 per cent discount on the price of television sets.

Big discount on all wool throw rugs, table lamps, lamp shades, shoes, congoleum rugs and other floor coverings, tee shirts, men's sweaters, women's purses and hats, clocks, billfolds, garden supplies, cosmetics, auto repairs, lubrication, engine tune-up, groceries, women's apparel, shirts and many other items.

Placards are displayed in the windows of all the participating stores and banners will be strung on wires high across Second avenue and Ninth street.

Cub Scout Pack 8 And Dads To Dine

Cub Scouts of Pack No. 8 and their fathers will unite in the new Sierra Vista school at 6:30 p.m. Monday for an annual banquet. Achievement awards will be given by M. K. Smith with Cubmaster Ed Hansen presiding.

Red Cross Goal Effort Is Ready

Final preparations are completed for the annual Red Cross roll call.

Col. D. J. Rutherford, chairman of the fund drive, said the district-wide organization is virtually complete and that instructions were given at a meeting of solicitors Wednesday night. The drive begins March 1.

Of the $9,811 in the budget, $6,000 will be kept here for local use. The balance will go to the international organization. Rather than a relief organization, the Red Cross is a service organization. More than $2,000 of the local budget is for financial assistance and service for dependents of the armed forces and disabled veterans and their dependents. Since July 1, 1950, total of $1,068.54 has been spent in helping servicemen and their families.

A considerable sum will be spent in the coming months for first aid classes and on other activities in connection with the civilian defense.

"What can I do?" is a question frequently asked. Miss Eunice Mitchell, executive secretary, is in close touch with the entire program and in addition to contributing, persons can help in many phases of relief and various work projects. Miss Mitchell maintains her office at 433 North Second avenue.

The local $6000 budget is made up of the following accounts: home service, $2,050; wire service, $150; disaster, $225; nursing, $150; safety service, $500; blood program, $250; junior Red Cross, $25; volunteer service, $250; fund drive, $50; salaries, $2,100, and office expense, $300.

Col. D. J. Rutherford recently announced names of the precinct captains. Assistants to these captains have been announced as follows: Mrs. W. M. Alexander, Mrs. Lora Ewing, Mrs. George Samaniego, Lloyd Sandoval, Mrs. Glendell Heer, Mesdames S. Piland, Leland Lowther, Frank Danke, Raymond Lofton, Wilson Stone, B. L. Reed, Chas. Deverts, G. A. Brest, P. R. Daggs, I. J. Linkey, Clara Lamb, Gilbert Cline, Marie A. Johnson, William Morley, S. D. Schertz, Miss Harriet Daniel, Messrs. William Tyler and J. E Cuthbertson.

Chosen as president of the Upland Parent-Teacher association as announced last week in The Upland News, was Mrs. A. B. Weisbrod. She will be installed along with the other new officers on March 14.

Mrs. Weisbrod, who resides at 1776 West Foothill boulevard, has been active in Upland's development and she was a popular choice to head the large P-TA. group.

Sign Up Now for Defense Here

All persons interested in cooperating in the civilian defense organization in Upland are to register in the city council chambers of the city hall from 10 a.m. to 4 p. m. today or Saturday, and also Friday and Saturday of next week.

Mrs. W. J. Ritchea, who is in charge of personnel in the defense set up, has called upon all interested persons to enroll for any job that may be assigned to them. "We need many civilian defense volunteers and this is their opportunity to enroll," Mrs. Ritchea said. She pointed out that especially needed are registered nurses and nurse aides and other persons capable of teaching first aid to housewives, anesthetists, operating room nurses and surgery nurses.

Girls and boys 16 years of age and over who are capable of doing clerical work are also sought for the organization. Just in case of a real emergency construction workers will be needed and engineers and persons skilled in the construction industry are urged to report.

$500,000 in New Feb. Building Is Forecast

Half a million dollar valuation in new construction here in February was forecast as the month end figure.

As of yesterday, the building totals for the month were $489,268 to set a near all-time monthly mark. Included in this total are permits for 62 houses in Philip park, West Seventh street. Other than this total however, the building permit figure is considered fairly high for February.

Without the total for the 62 subdivision houses, the figure so far is $111,664, according to Richard Derby, building inspector. Enough more permits are likely to bring the February total past the $500,000 figure.

Permits were issued this week to Glenn Zook for a new residence at 644 Raymond street; Mrs. Charles Dewey, repairs at 709 North First avenue; Illene Kimbrell, 500 East Ninth street, alterations; American Fruit Growers, installation of new refrigeration equipment, $20,000, and F. A. Glass, 464 West Seventl street, repairs.

New Type Face Is Used in The News; Call It "Paragon"

The Upland News has a new "dress" today.

That is, a new type face has been installed to replace the former type. Greater legibility is the result. "Paragon" is the name of the type, a creation of the Mergenthaler Linotype Co. The Los Angeles Times pioneered the use of "Paragon" in Southern California and now it is among the most popular type faces in the newspaper industry.

The type can be used in "light face" as is this, or in **"dark face" as is this.** A font of mats contains more than 1,200 individual mats.

Other entertainment will include group singing, a get-together game and possibly a short sports movie.

He Keeps Diary of Upland's Rainfall

J.R. Johnston Celebrates 95th Birthday Anniversary

J. R. Johnston can look back today on 95 years of life. He observed his birthday anniversary Wednesday.

"I am very fortunate to be able to live for 95 years without having to suffer like so many people who get hurt in auto accidents," the tall, slightly built long-time Uplander said as he rested in his home, 550 West Twenty-second street. This has been his home since 1912. He came here from Cleveland, Ohio. He has never been out of the state since then.

Arthritis keeps him confined to his home, except for an occasional trip down town with his daughter, Mrs. C. C. Leavitt, who lives with him.

Drives at 93

He quit driving his automobile when he was 93 years of age. The examiner for license driver applicants suggested he give up driving.He drove home and has not touched the steering wheel since.

Mr. Johnston, who has worked hard most of his life, retires for bed at about 9 o'clock and arises at about 7:30 a.m.

"I don't sleep all the time but I rest very comfortably," he explained. He took off his glasses and placed them on a desk in the library of his home.

"I spend most of the time right here reading," he continued, speaking slowly. "I can see without my glasses, even to read some, but I wear them most of the time."

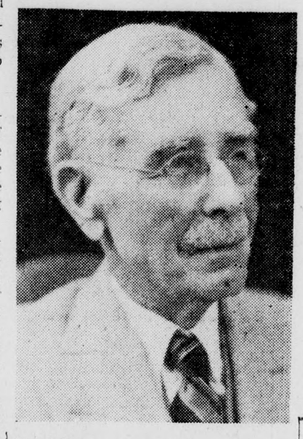

His young grandson, Robert Leavitt, rushed to his grandfather, with a beautiful potted plant a deliveryman had brought.

"Oh, I guess some people do remember me," he remarked, and then he pointed to a stack of cards. "Eleven came one day from relatives in the east and many more were received later from local people.

"I really don't know many people now, you see most of my friends have died," Mr. Johnston observed. His sister, who resided with him for years, died some months ago at the age of 92. A brother lived far into the eighties. His mother was also past 90 when she died. His father passed away when he was only 33.

Eldest in Family

"I was the eldest of the family and I had to work hard," reminisced the nonagenarian. "I worked on the farm but when I was 21 I decided I should do something else." His top weight was 135 pounds and the six footer concluded something besides physical labor would be the best for him.

"Circumstances changed my life several times. It's been something like a checkerboard," Mr. Johnston remarked and then explained about various positions he had in businesses. Illness or some other factor would change his course. He gave up a profitable building and real estate business to live in California.

"I came to Upland in 1912 and finished setting out the citrus trees on the grove here and I have been here ever since," he explained. He was 56 years of age at that time.

Asked if he had expected to live so long, he chuckled and casually remarked, "I never think anything about that; I just keep going each day at a time. Some day I'll die and that'll be that."

Keeps Rain Records

One of his most interesting activities through the years has been recording of the rainfall figures. He arose to get them from his desk. He has two stiff-back account books. He has kept a "weather diary" about Upland since 1919. And he still does it. "I don't let my figures be published now, however, because I cannot always get out to make the rainfall readings at the proper time," he said and then added, "but I get out to the gauge when I can and make a note of the rainfall." He turned the pages in his book to the current season.

"This is one of the driest I have ever known." He thumbed through the pages of the much-used record. "The 10-year average rainfall used to be 21.89 inches. Now it is 17.70 inches."

"The San Antonio Water Co. wants some information about the rainfall month by month during 1950," he explained and pointed to the figures he had copied. "A lot of people call me about what the weather was like at various times in past years."

And so another anniversary has passed for Mr. Johnston. He spent the day quietly as usual with his daughter and her twin sons, Robert and Charles, 7½ years of age. His son-in-law, C. C. Leavitt, is engaged on a construction project some miles distant and he is not here regularly.

Soprano To Be Hear March 1

Dorothy Warenskjold, the beautiful and brilliant young American soprano who will sing on March 1, in the Civic auditorium, has, within two short seasons, made a name for herself in opera, on the concert stage and over the radio. She was to make her debut with the San Francisco Opera Company as Micaela in Carmen on Oct. 17, 1948. Instead she made her debut as Nanetta in Verdi's Falstaff ten days earlier, after learning the role in six days. Her performance was hailed as the outstanding event of the San Francisco Opera season.

After her second appearance with the San Francisco Opera ten days later when she sang the role of Micaela in Carmen, the critics agreed that "seldom has an audience given Micaela such an ovation." Miss Warenskjold's performances with the San Francisco Opera the following year fully justified the excitement of her debut.

Gloria Geis and Paul Williams Are Wed in Trinity Methodist Chapel

Trinity Methodist chapel in Pomona was the setting for a beautiful ceremony Friday evening, February 16, when Miss Gloria Geraldine Geis, daughter of Mrs. Elizabeth M. Geis, 248 North Sixth avenue, became the bride of Paul H. Williams, son of Mr. and Mrs. Glenn R. Williams, 895 East Ninth street.

The Rev. Earl Riley, pastor of the First Baptist church of Ontario, read the double-ring rites at 7 o'clock in the presence of immediate relatives of the couple. An arrangement of white stock and greenery, flanked by two seven-branch candelabra, decorated the chancel.

The church organist gave a prelude of appropriate numbers, and played the traditional wedding marches.

The bride was lovely in a gown of white nylon net over white taffeta, fashioned with a fitted bodice with cape sleeves and a flower hat with short veil, and she carried a white Bible with an orchid and white satin streamers.

Attending the couple were the bridegroom's brother and sister-in-law, Mr. and Mrs. Carl Williams of La Canada. Mrs. Williams was attired in a black suit accented by a pink carnation bouquet.

The bride's mother was gowned in mulberry silk with gray accessories, while the bridegroom's mother wore a wine jersey dress with black accessories. Each had a corsage of gardenias.

Following the ceremony, members of the wedding party and guests went to the Claremont Inn for a festive turkey dinner. The newlyweds cut the first slice of a three-tiered wedding cake, according to custom.

After a short honeymoon in Mexico, Mr. and Mrs. Williams will make their home in Fullerton.

The new Mrs. Williams is a graduate of Chaffey high school and attended Chaffey college. She is now employed in the claims department of the Farmers' Insurance Group in Pomona.

The bridegroom, a native of Upland, is a graduate of Chaffey high school and college. He attended the University of California at Santa Barbara and received his degree from LaVerne College. He is now a principal and teacher in the Savannah school district in Orange county

Lt. Wayne Melendrez Claims Bride In Rites in Presque Isle, Maine

Of considerable interest to friends in this community is the announcement of the marriage of Miss Maxine M. Cyr, daughter of Mr. and Mrs. Claude M. Cyr of Presque Isle, Maine, and First Lieutenant Wayne A. Melendrez, U. S. Air Force, son of Mrs. Beatrice Melendrez, 861 Alpine street.

The couple exchanged vows on January 27 in a double-ring ceremony performed by the Rev. John Harris at the rectory of St. Mary's Catholic church in Presque Isle.

The bride was lovely in a light blue ankle-length dress, with which she wore a small matching hat with short veil. She carried a bouquet of white sweet peas.

Miss Agnes Damon of Portland, Maine, attended the bride as maid of honor. Her light pink ankle-length dress was complemented with a matching hat and short veil, and she carried a bouquet of pink and white sweet peas.

Richard Farland of Presque Isle served the bridegroom as best man.

At the reception held that evening, the mother of the bride received guests in a two-piece white wool dress, accented by a corsage of red rosebuds.

Miss Helen Rand, aunt of the bride, served the bride's cake, and Mrs. Daniel Morang and Miss Mona Kennedy assisted. Mrs. Harry Rand, another aunt of the bride, presided at the punch bowl. Mrs. Ronald Cyr and Mrs. Russell Cyr, sisters-in-law of the bride, had charge of the guest book and gift table, respectively.

The new Mrs. Melendrez was graduated from Presque Isle high school with the class of 1947, and from the Maine Eye and Ear Infirmary school of nursing in 1950. She was a member of the staff there until her marriage.

Lt. Melendrez is a graduate of Chaffey high school and Chaffey college, and served in the U. S. Air Force during World War II. He is now with the 83rd Fighter Inceptor Squadron, stationed at Hamilton Field.

The newlyweds are now residing near Hamilton Field.

Hospital Group Enjoys Talk And Movie

Mrs. Ora W. Chipman of the Children's Home Society of California gave an interesting talk on adoption procedures at the monthly meeting of the Woman's Auxiliary of San Antonio Community hospital Monday afternoon in the hospital solarium. She was introduced by Mrs. A. L. Weber, program chairman.

Supplementing Mrs. Chipman's talk was a movie, "As Though Born There," projected by Warren Cliburne. This film, with non-professional actors, was made by Irving Pichel, well known director, who has a personal interest in the society. The picture stresses the happy, well-balanced family relations made secure through proper placement of their wards.

The society, founded in 1891, is supported by individual contributions and membership. Its need for help and funds explains delay in catching up on the many applications which exceed the number of children to be placed, the speaker said.

Mrs. Chipman answered many questions from the audience.

During the business session, conducted by Mrs. William R. Mason, president, reports were made by Mrs. Charles G. Eicher, secretary; Mrs. Norman S. Lawson, chairman of the free bed fund; Mrs. H. A. Ledig, organization membership chairman; and Mrs. E. F. Peiton, individual membership chairman.

Mrs. Arnold Abbott, dance chairman, announced that the annual spring dance sponsored by the auxiliary will be held April 27 at Red Hill Country club, and asked that members and friends make early reservations.

Plan P-T.A. for New Sierra Vista School

Preparatory to the organization of a Parent-Teacher association at the new Sierra Vista school, a meeting was held last Thursday at the school. Mrs. William A. Gilliland, president of the former Mothers' club of the Eighteenth Street school, presided at the opening, then turned the meeting over to Jesse Jensen, school principal.

He presented Mrs. George Davis, president of the Fifth District, who in turn introduced Mrs. Orville Grant, third vice-president and director of extension. Mrs. Grant outlined five different points to bear in mind in considering the advantages of belonging to the P.-T. A.

It was decided that the new school should become a part of the Parent-Teacher association, and three committees were set up. Mrs. Edward K. Hansen, chairman; Mrs. Vaughn Dunlap, and Mrs. Earl Casler were named to prepare the by-laws.

On the nominating committee are Mrs. Raymond Kay, chairman; Mrs. Ralph T. Mitchell, and Mrs. Larry Burgan. The membership committee is composed of Mrs. Blanche Thornton, chairman; Mrs. Lewis Fuller and Mrs. Robert Sherwood.

Thursday, March 15, was set as the date for the organizational meeting at the school, at which time officers will be elected.

27 Cities Are Represented in Red Hill Club

Members of the Red Hill Country club come from 27 cities and communities in Southern California and even a resident of Boston, Mass., maintains a membership in the local club.

This was revealed in the residential analysis of the 320 members. Incidentally, Upland is considered the "home" of the club, yet this community ranks third on the basis of providing the number of members. More members, 88, come from Ontario than any other place and Pomona is second with 68 members. Uplanders in the club total 65.

Twenty Cucamonga residents, most of them residing on Red Hill, belong to the club. Fontana supplies 21 members and Claremont 18. Members with an Alta Loma address number seven. Pasadena has four members, San Bernardino, three; Chino, three, and Etiwanda, four.

Other communities represented on the membership list are Covina, El Monte, Guasti, Glendora, San Dimas, La Verne, San Gabriel, Colton, Santa Monica, Los Angeles, Glendale, Beverly Hills and North Hollywood.

Tigers Win Hoop Title in CBL

By DON BENSON

Coach Karl Kaiser won his fiftieth C.B.L. basketball crown for the Chaffey Tigers last Tuesday night, as they downed a surprisingly stubborn Redlands team 71 to 60 on the losers' floor.

It took the Tigers until almost the last quarter before they could turn the tide of the battle, starting the last stanza with a lead for the first time in the game of 58-54.

Led by Felix-the-Cat Wilkerson and Wayne Braga, the Terriers led 22 to 15 at the end of the first quarter, and 39-32 at halftime.

The recent victim of the flu, Bob Hackley, started things rolling for the Tigers to open the second half with his sensational dribbling and ball handling. Dick Welsh continued his hot-streak, whacking in 23 points, while DeYoung had 15 and Earl Wiesen 12, as Wiesen was also very busy holding Braga scoreless in the second stanza. Wilkerson was game high man with 26 points while Braga had 19. This was by far the best game the Terriers had played this season, and a far cry from the team that took such a lacing in the first game, as the Tigers notched an 88-43 win.

Hadacol Helps New Mother

HADACOL Supplies Vitamins B_1, B_2, Niacin and Iron in Which Her System Was Deficient

Mrs. Lottie F. Edwards, who lives at Route 1, Inverness, Miss., has two careers . . . she is a registered nurse and also a wife and mother of a new baby. After her baby was born, Mrs. Edwards felt rundown; she knew she had to do something to help overcome this condition so that she would feel up to her many duties. Mrs. Edwards began taking HADACOL and says it really helped her. Mrs. Edwards was suffering a deficiency of Vitamins B_1, B_2, Niacin and Iron, which HADACOL contains.

Mrs. Edwards

Here is what Mrs. Edwards says: "I have taken one bottle of your HADACOL and am now on my second bottle, and I can say it has really helped me. After my baby came I didn't feel like walking around, I had headaches and was very nervous, and even one bottle has helped me so much. I want to keep on taking your wonderful HADACOL. I will certainly recommend it to all patients I come in contact with, for I think HADACOL is just the formula needed for Vitamin and Mineral deficiency."

Registered nurses, in increasing numbers, are showing a keen interest in HADACOL and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional bottles of HADACOL and many of them indicated that they recommend the HADACOL formula to their patients. HADACOL has helped folks of all ages when their condition was due to a deficiency of Vitamins B_1, B_2, Niacin and Iron, elements which are contained in HADACOL.

Remember HADACOL is sold on a strict money-back guarantee. And so inexpensive. Trial-size bottle only $1.25. Large family or hospital size, $3.50. If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, La.

Upland Champion Hoop Players End Perfect Season

Southland Pictorial

Uplana's championship basketball team from the seventh and eighth grade are pictured above with Wilson Stone, the coach, proudly looking over his group. From left to right in the front row are Charles Flores, Jackie Diaz, Louis Hoyos, Eugene Anguiano and Douglas Lamb; top row, Ronald Rose, Allan Scheu, Lester Reese, Raoul Molinar and the managers, Raymond Buckwalter and Warren Childs. Unable to be in the picture because of illness were Larry McMasters, a key player in the floor formations, and Elton Curteman, a frequent high scorer in the team's perfect record for the year. Hoyos, another stellar player, is holding the trophy the team received by winning the elementary school basketball tourney at La Verne recently.

Panthers Lose Title Chance

BY DON BENSON

The Chaffey Panthers lost their last possible chance of league champs, as they dropped a red-hot 56 to 62 game last Tuesday night to the Fullerton Hornets, before a full-house at the Chaffey gym.

The Panthers, playing without the fast improving Tom Deeming, who is ill, made a valiant fight for the title and the game, but midway in the second period, official Joe Hicks called a fifth personal foul on Robbie Davis, and that put a chill on the Panthers.

The Panthers, thanks to buckets by Davis, Dick Schwendinger, Larry Jones, and Dean Metcalf, swept to an early 23-17 lead. At half-time the score was 31 to 31.

Again the Panthers started out as though they wouldn't be headed, as Davis made three shots ring the score-board while Schwendinger hit for two and Jones one, to lead 43-49. Then Davis was (allegedly) caught being, who is ill, made a valiant for his fifth foul.

Larry Jones tied Thomas and Thompson for high points with 16. Davis netted 13, while Schwendinger had 12.

This loss placed the Panthers in a tie with their tonight's rivals, the San Bernardino Braves.

Panthers Smother Riverside, 82-52

The Riverside Tigers journeyed to Chaffey college in vain last Friday night, as the Panthers easily clawed their way to a 84-52 win over the hapless Tigers.

With Coach Shirk using everyone but trainer Si Sicosky, the Panthers had ample abundance of points at half time, leading 42 to 19. This was augmented later by "my boy" Dick Schwendinger, who led the parade to the baskets, with a nifty total of 20 points. Robbie Davis had 16, while Dean Metcalf potted 17.

Chaffey Loses in Beverly Tournament

The Tigers of Chaffey high, after soundly thrashing Redondo high 60-39 in their first round, fell before the Loyola Cubs, by the one-sided score of 53-39. This knocked the Tigers out of the Beverly Hills tournament, and it was the same team that had caused them trouble in the past.

Upland Lightweights Win Two Games, Lose One in Tourney

By MIKE McFADDEN

Upland lightweight basketball team from the seventh and eighth grade at the junior high school won two games and lost one in the tournament at La Verne.

By a 14 to 12 score Upland defeated Mt. View school. High scorers for the local team were Bob Allen, Paul Skvarna and Allen McNeil, each scoring four points.

In the Azusa game Upland won 23 to 17 with Bob Allen scoring nine and Paul Skvarna five. Hudson eliminated Upland 32 to 9 in the semi-finals with Bob Allen making four points and Paul Skvarna three.

Junior High Five Winner of Title

Champions of the San Gabriel Valley Elementary Basketball league is the title won by the heavyweight quintet as coached by Wilson Stone at the junior high school. Baldwin Park quintet was defeated in a thrilling 21 to 19 overtime game Tuesday afternoon to give the locals a clean sweep in league play and the third successive championship.

With seconds left in the overtime period, Charles Flores flipped in a basket from far out on the floor to give the two-point edge. In the five minute period Upland scored three points and Baldwin Park a foul. Regular play ended with the score 18 to 18.

Making up the squad are "heavyweights" in the seventh and eighth grades in the school. Last spring, Mr. Stone coached the boys to a baseball championship. Football season ended the same way and the hoop title now adds another big trophy to the bulging show case at the school.

It has been quite some time since I let my guard down enough to have Don hand me some blank sheets of paper and say: "Fill 'em up, kid. I've just recovered from virus X. I have to go to the basketball game. I have only two hairs left and can't afford to lose them trying to think of something, and besides, it will take your mind off of how to try to make ends meet."

And off he went with some vague suggestion that I give the feminine viewpoint of sports.

The first thing that enters my mind is the March of Dimes Golf Tournament at Los Serranos March 17-18. Round up a foursome and contact Pro Jim O'Hearn and arrange for a starting time for these two days. The fee is $2.50 for each person for each day, and all proceeds go to the March of Dimes.

No matter what you shoot, the fact that you're helping someone to a better life will make it a round to be proud of.

Whether anyone is interested I will give absolutely free a very fine tip on the outcome of the '51 World Series, (feminine intuition, you know) shh—it's the New York Yankees!

The Rose Bowl will be U.C.L.A. and—smog has overcome my crystal ball—will have to wait for a clear day for the opposing team.

By DON BENSON

We finally got home from the basketball game the little woman was talking about, and believe me, it was a thing to wonder about. There were several things that interested us, besides the fact the Chaffey Panthers lost to Fullerton and all chance for the title that we think they should have won "in a breeze."

No. 1—The fact that Jim Deeming was sick and not able to play. While his replacement did his best and made points, Deeming's presence would have made a world of difference.

No. 2—Fullerton's Dick Hammer, an all-conference guard, rode herd on Robbie Davis so well, that Davis was out of the game on fouls early in the second half.

No. 3—Dean Metcalf's not being on the "warm side," hitting about as often as I do when trying to find a horse with a price. This was Dean's poorest game, we think, and the kid never tried harder either. If he had been average "hot", things just might have been different. Who knows? (Do you?)

No. 4—This is strictly a personal observation, but an honest one: While officials Arramabide and a character by the name of Joe Hicks from Long Beach City College, made like mad with their whistles, and at times made the game almost downright silly, nevertheless, they certainly didn't do anything to improve the game, but then anyone silly enough to try to officiate a game should either run for Congress or have a double portion of Hadacol.

No. 5—That the coach should have used other players than he did in the game when all was lost, to replace the sick Deeming—aw, well, the second guesses are always the best guesses. Maybe they can beat San Berdoo

School Menu

The following menus will be served in the cafeteria of the Upland Elementary school during the coming week:

Monday—Ham salad or cheese relish sandwich, mashed potatoes, tomatoes, apple, milk.

Tuesday—Potato salad, buttered carrots, French bread and butter, peaches, milk.

Wednesday — Creamed turkey on toast cubes, jellied salad, buttered peas, milk.

Thursday — Ham shortcake, green beans, apple sauce, milk.

Friday—Macaroni and cheese, buttered rye bred sandwich, green salad, penut butter cookies, milk.

Basketball Letters At Junior High Are Awarded

Letters for baseketball activity were awarded at a junior high school assembly this week. The three coaches presented their players and Student Body President John McKellar spoke briefly in accepting three trophies from the teams.

The ninth grade team, coached by Dayton Dickey, included the followingg: Bob Wyperd, Joe Agapay, Jose Adame, Albert Ramirez, Joe Bruce, Buddy Gillespie, Jim Salamone, Joe Medel, Bob O'Connor and John McKellar with Dale Hilke and Paul Holland, managers.

The "heavyweight" eighth gggrade team, which won its league title, is composed of Louis Hoyos, Charles Flores, Elton Curteman, Jack Diaz, Eugene Anguiano, Ronald Rose, Lester Reese, Allan Scheu, Douglas Lamb, Larry McMasters and Raoul Molinar. Managers are Warren Childs and Raymond Buckwalter with Wilson Stone, the coach.

Members of the lightweight squad, coached by A. L. Bescoby, are Paul Skvarna, Odel Carter, Jerry Shackelford, Gary Stiles, Bob Allen, Jim McKellar, Larry Wood, Charles Doughty, Alan McNeil, Frank Reed, Tony Navarro and George Stevens. Mike McFadden is manager.

The church school, which convenes at 9:45, has launched an advancement program for the months of February and March. The goal for attendance for next Sunday is 327, according to Arlo Zimmerman, superintendent.

BRETHREN IN CHRIST

The Rev. Riall D. Stump, pastor, will speak on "The Coming of the Holy Spirit" at the morning service Sunday at the Upland Brethren in Christ church.

For the 7:30 p.m. service, his sermon topic will be "Human and Divine Forces in Christian Work". There will be special music at both services.

FIRST MENNONITE

Rev. John Thiessen, a returned missionary from India, will preach at the 10:50 worship service Sunday morning at the First Mennonite church. The choir will sing "Comfort Ye My People," under the direction of Harry Janzen.

The Christian Endeavor societies will meet at 7 p.m., and the pastor, the Rev. Earl Slazman, will preach at the 7:45 service.

METHODIST

"How Do You Talk to Yourself?" is the topic chosen by the Rev. Robert F. Price, pastor, for his sermon at the Sunday morning service at the Upland Methodist church. The Cathedral choir will give the anthem, "Praise the Lord" (Marks), with Miss Ethel Jean Wilson as the soloist. For the offertory, Bill M. Herr will sing "If With All Your Hearts" (Mendelssohn).

For the 7 o'clock evening service, the pastor will speak on "How Do You Talk to Others?" The anthem, "Guide Me, O Thou Great Jehovah", will be given by the Chapel choir, and the Cherubic choir will sing "Hallelujah".

There will be a meeting of the Questers in the church parlor following the evening service.

Rev. Price will bring a study on the "First Principle of Prayer" at the Wednesday evening service at 7:30.

PRESBYTERIAN

Dr. Rufus W. Oakey, pastor, will have "Not For Sale" as his sermon topic for the 11 o'clock Sunday morning service at the First Presbyterian church.

Woman, Traffic and Euclid Avenue Figure In News Story

There's a story about Sergeant E. E. Carter, Euclid avenue and local traffic in the Riverside Press-Enterprise.

The incident recorded in the paper started when Officer Carter questioned Mrs. C. H. Burney about the red and green traffic lights on Euclid avenue at Foothill boulevard. The newspaper account follows:

"Mrs. C. H. Burney, elderly resident of Wood road, out toward Woodcrest, promised an Upland officer she would tell the Riverside newspaper about a matter, and she has done so.

"The Upland officer, whose name is E. E. Carter, was anxious for Riverside and Elsinore people to know.

"Mrs. Burney was driving recently to a point west of Upland. She went to Euclid avenue on Highway 60, then turned right about four miles to highway 66. She waited for the stop sign to turn green, then turned left.

"But at Euclid avenue you must wait in the center area after making a left turn. You must wait until the other light turns green. Mrs. Burney just didn't see the other light. She didn't even know it was there. She was surprised when polite Officer Carter pointed it out to her, but she said: "He was very lovely to me."

He sympathized: "I have more Riverside and Elsinore people than anyone else coming through this signal. It would be a good idea if you would put it in the Riverside paper."

"There was, of course, a slight ticket which Officer Carter wrote out for Mrs. Burney. It not only mentioned the light, but called attention to the fact that Mrs. Burney had forgotten to put her operator's license in her purse that day.

"But Officer Carter explained that she should send in her license number to a justice of the peace in Upland, and Mrs. Burney feels he will be just as understanding and polite as Officer Carter."

Enjoying luncheon Tuesday as guests of Mrs. Mary A. Ward and her sister, Miss Olive Wood, 634 North First avenue, were Mrs. Annie P. Doole and Miss Sinabel Hart. The occasion marked the birthday anniversaries of both guests.

Student's Play Wins Spot in Pasadena Playhouse Series

James Harrison, a dramatics major at Chaffey college, directed the play, "Cloey," in the performance which will send this play to the Pasadena Playhouse one-act play tournament April 11 as a result of its selection by the judges at the program of three-act plays February 8. The play successfully competed with "Gallant Lady" and "The Darkest Hour." The judges commended all of the plays in their production by student directors and actors but felt the highly dramatic play, "Cloey," could be developed by the cast in preparation for the tournament.

Harrison directed the play and took the part of Joseph. He had the lead in the college fall play, "Arsenic and Old Lace," and has appeared in "Hay Fever" and "All My Sons" on the Chaffey stage. "Buffy" Hit Again For Third Time; Aid to E. E. Gray

"Buffy" got hit again, the third time for the popular canine pet.

And when 'Buffy" is incapacitated it means that Edward E. Gray, his master is also not up to par.

He was recently hit by a motorist using the alley in the rear of the Gray home, 854 North Euclid avenue.

It was Buffy's" custom always to be very close to Mr. Gray's legal secretary, Mrs. Warren Guy, until 4 p.m. At 4 p.m. "Buffy" would go to Mr. Gray's private office. His presence there would mean it was time to go home.

"He wouldn't miss that 4 p.m. time by a minute or two," Mr. Gray explained in telling the role his pet played in his life. "But now 'Buffy' won't be seen for at least a month. People have been asking about the dog and I am glad to report it is coming along fine."

Many people became interested in Buffy when they saw him carry mail in his mouth to the post office. On these trips he was accompanied by Mrs. Guy.

I'd Like to Know...

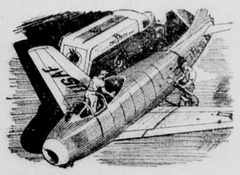

You may have heard that a suit has been filed by the Antitrust Division in Washington to break up Standard of California as well as six other West Coast oil companies. Many people have written us protesting this action, have asked pertinent questions. We believe these questions should be answered for everyone. We take this way of doing so. If you have a question, write: "I'd Like to Know" 225 Bush Street, San Francisco 20

"Would breaking up big oil companies affect national defense?"

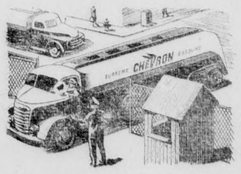

Mrs. Marie-Louise Auer, Pasadena housewife, writes: *It seems to me like a bad time to be tampering with our industries, as the antitrust lawyers want to do. Or does it matter? Would breaking up big oil companies affect national defense?"* Mrs. Marie-Louise Auer.

Here at Standard, one of the seven Western oil companies under attack, we see clear public benefit in having big companies in the business at all times. We believe we serve you well. But let's consider now just "bigness" and defense:

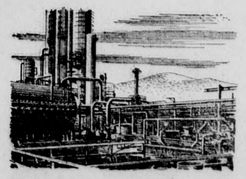

Today, military needs come first. Just recently, need for aviation gasolines jumped 275% in the West alone. *Big* oil companies supplied it.

Next: industry's demands. You know how industrial output keyed U.S. strength in World War II. It takes *big* companies to meet *big* needs.

Company *bigness* also means *big*-scale research, improved products. Example: oils developed by Standard which tripled range of U.S. subs.

For hard jobs, the U.S. uses our *bigness* and *integration*. Today, our U.S. projects include atomic research and a synthetic rubber plant.

Our taxes also aid defense. As one *big* company, we paid over $95,000,000 last year, more than we would pay as several *smaller* companies.

Meanwhile, *bigness* and *integration* enable us to keep on supplying products *you* need. Isn't this what you *want* from your oil company?

STANDARD OIL COMPANY OF CALIFORNIA

Need for Red Cross Cited

With the Red Cross annual roll call coming March 1, Col. D. J. Rutherford yesterday pointed out the need for greater support for the organization.

The national budget is $87,000,000 and 1,700,000 volunteer workers are active in the organization. In addition there are 15,000 paid Red Cross workers, whose annual average salary is $2,500.

With the nation's military strength soaring steadily towards an ultimate goal of many million men, the American Red Cross today faces its biggest job in serving the armed forces since the end of World War II.

Responsible, under its congressional charter, for welfare aid to military personnel and their families, the Red Cross has spent over $500,000,000 in providing this service during the last ten years. That is nearly half of the organization's total expenditure for the period.

Like the military establishment, the Red Cross reduced personnel in the years immediately following the war. Then came trouble in Korea and increased tension in Europe. Today the Red Cross has more than 1,700 men and women serving in more than 1,400 military installations. Of this number nearly 500 are on overseas duty in the Far East and in Europe.

A principal Red Cross task is to provide communications between servicemen and their families and to obtain information on home and medical conditions for the military authorities and to counsel on personal problems. These activities often involve financial assistance in emergencies.

Through Home Service in its 3,738 chapters, Red Cross field directors obtain facts concerning sickness, death, and other home conditions which enable military authorities to decide whether or not an emergency leave, or occasionally a discharge, is warranted. During the last fiscal year, field directors handled a monthly average of over 200,000 such cases and requests. Home Service in chapters assisted a monthly average of 60,000 servicemen and their dependents in the last year. Financial assistance to servicemen and their dependents reached a combined total of more than $5,000,000.

This case load is increasing each month as the armed forces grow larger. In Korea during one month alone, 2,500 cases were handled. Expectations are that the Red Cross will have approximately 2,000 workers serving with the Army, the Navy, and the Air Force by mid-summer.

Figurine Class Is Held on Mondays

Women who feel the need of recreation let their fancy turn to making figurines, dolls with American Dresden lace on them, lamp bases painted in pastels with metalite—these objects they can make with low cost in the class of American Dresden work taught by Mrs. Iris Cunningham in the Chaffey Adult Education department.

There is still room for more students who may register in Room 159, Home Economics building, Chaffey college on Monday night of each week.

Let the F.C.C. look into the plunging necklines of television, as reported—just so some responsible agency in Washington keeps its eyes on the great tasks confronting us.

Orientals Are "Conservative"

A big majority of the people in the orient are "conservative" in their thinking and attitudes, Madame May Wong insisted when she spoke at the meeting of the Ontario Executives club in the Upland Woman's clubhouse Friday night.

She spoke at length on the background and customs of the people in the orient and she carefully avoided any political discussion. In answer to questions, she repeated the orientals are "conservative."

Half of the population of the world lives in the "east", she pointed out, and explained that difference in languages and historic customs prevent rapid development in the orient. Dr. W. H. Hutchinson, president, presided.

McCarthy Is Named To Police Department

He has had police experience in New York and he also shows an unusual aptness in law enforcement, according to Police Chief Ralph Palmer.
